REPORT NO.

25X1A

This report consists of a list of known Soviet personnel stationed in China, including Manchuria and the Kwantung Peninsula, Inner Mongolia, Sinkiang and Hong Kong, as of 1 August 1949. The list is limited to Soviet citizens with diplomatic or special passports who were appointed and dispatched from Moscow and who are attached to overt Soviet offices, agencies and officially supported enterprises, such as the USSR Embassy, USSR consulates, Soviet military forces, Torgpredstvo, Ekspromkhleb, Inturist, TASS news Agency and affiliated press and propaganda organs, Soviet banks, commercial firms, shipping, and UN representation.

Since no comprehensive official list of its representatives in China is issued by the USSR, much of the information on the positions and locations of these individuals is derived from newspaper announcements, proclamations, diplomatic statements, and directories. It is possible, therefore, that some officials have been omitted because they were not mentioned in available source material, and that some positions and locations may have been changed without formal announcement. Where individuals are reported to have changed location, although still officially listed, the movement has been indicated in a note.
